

## Chapter 4 Technology for Diverse Learners

## Technology for diverse learners

- I. **Culturally and linguistically diverse students**
  - A. **Multimedia vocabulary development**
  - B. **Comprehensible output**
  - C. **Scaffolding**
  - D. **Internet Sources**
- II. **exceptional need**
  - A. **Differentiated Instruction**
  - B. **Internet based activities**
  - C. **Contact profession experts**
  - D. **multimedia technology**

### **III. special needs**

#### **A. content area goals**

##### **1. reading**

- a. recorded book**
- b. high-interest low level books**
- c. Scan/Read Systems**

##### **2. computer use and support**

###### **a. Input Devices**

- (1) Keyboard lables**
- (2) stickykeys**
- (3) pointing devices**
- (4) head pointing system**
- (5) keyguards**
- (6) mousekeys**
- (7) onscreen keyboard**

###### **b. Assistive Output Devices**

- (1) screen readers**
- (2) single switch**
- (3) customizable keyboards**
- (4) mini-keyboard**
- (5) touch screen**
- (6) screen magnification software**
- (7) expanded keyboard**

##### **3. communication**

###### **a. Assistive Listening Devices**

- (1) personal amplification**
- (2) alternative and augmentive communication**
- (3) sound-field Amplification**

##### **4. writing**

- a. Text to speech software**
- b. Custom Dictionaries**
- c. Word Processing Software**
- d. Concept mapping**
- e. Talking spell checker**

**f. Word Prediction software**

**B. independence and participation**

**teacher**
